

Towards Future

Annual Report 2014-2015

Together we can Achieve

Friends,

Towards Future has started its journey in 2008 with a vision ***“to ensure an environment where children and women can live safe and secured life”***. Knowing that in our current socio- economic and geo-political situation, it’s quite an uphill aspiration and we have to walk many more miles, collaborating with many Government and Non- government agencies, organizations, people and associations to reach even closer to that vision. But it’s important for us to undertake the journey – which may not be smooth. There could be sporadic challenges and hardships, but that will only enrich our learnings, enhance our patience, make us more determined and with all these ingredients – solidify our foundation.

As Vision is the final destination and mission is the path, it’s imperative to focus on our current mission – which is set as ***‘Ensuring child rights through “Right To Education” and Child protection (from any sort of abuse) and women rights (special focus on campaign against gender based violence)’***.

We are working in collaboration with Gram Panchayat, Block & District level and also trying to build up larger network with stakeholders at all levels (panchayat members, school teachers, ICDS & ASHA workers etc.)

To strengthen our programme we have joined hands with other networks like Right To Education Forum; West Bengal Education Network; Campaign Against Child Labour; The National Action and Coordinating Group against violence against Children (NACG)”; etc.

Towards Future is also the member of Rajarhat Block Development Committee; Rajarhat Block Child Protection Committee; North 24 Parganas District Level Inspection Committee (DLIT). Students from different reputed Institutions like Vidyasagar School of Social Work; J D Birla Institute; NMIMS – Mumbai etc. are doing their Internship in Towards Future. This indicates the fact that we are on the right track to reach the finishing line, which although is quite far, but not unreachable.

With utmost regards,

Arpita Sen
President

In the 21st century, it is unfortunate to perceive that three fourth of the population of the country has been undermined by the evils of poverty. A section of people suffer from chronic issues of unhygienic living conditions, impure drinking water, unavailability of food and sanitation. Though the Government has been active in the process of eradication of these issues, we still, almost after six decades of an independent existence, nothing seems to disappear. In situations like these, the most affected are the children. The rate of death among children at their infancy have shot up ever since, the provision of education for the poverty stricken children is almost negligible irrespective of constant implementation of policies and plans by the Government. Their safety and security is much at stake throughout the Nation and instances of trafficking, gender based violence like issues are seen regularly in the newspaper.

Towards Future has been functional since 2009 in gathering pace in order to actively eliminate such nuisance from the society. It strongly believes that working together can only bring changes in the society.

Towards Future wishes to see all children in school not in work and also want to ensure an environment where all children and women can lead a safe & secure life. With this mission Towards Future has set up its vision accordingly

Visions:

- Impart pre-school & primary school education.
 - Ensuring education for all children by promoting Right-To-Education campaign.
 - Provide learning support to the children who are in school or out of school.
 - Providing educational support to the children of migrant workers working in brick kilns.
 - Ensuring child protection by promoting campaign against child marriage, child labour & child abuse.
 - Ensuring protection of women through promoting campaign against gender violence.
 - Participation in advocacy both in government & non-government level.
- Providing support to the youth through basic English literacy class for making them employable.

MAJOR EDUCATIONAL PROGRAMMES :

● **Sishumon** – For pre-school going children

● **BTF Wipro Cares Learning Centre** – For primary school going children

● **Kidzplanet Learning Centre** – For pre & primary school going children

● **Uttaran** – Education programme for the children of Migrant Labours in the brick kilns

● **BTF Kalyani** – Support Centre for the children living in slum areas.

● **Sushiksha** – Spoken English class for rural youths.

These social learning centres play an important role in providing a healthy atmosphere to these children. Education, we believe is not only about the information we gather from text books, moreover it is about learning the ways of life, becoming sociable and amiable at the same time and learning the values which guide us through thick and thin. These learning centres have been a medium of transferring such notions. Along with learning centres, there are supporting centres which provide help to those enrolled in Government schools but do not have family members to guide them through. These children are given a number of opportunities to interact with the outside world in order to gain more exposure through various activities.

MAJOR CAMPAIGN PROGRAMMES :

● **Sathi – Campaign for child rights & protection**

Ensuring Educational Rights of the children through Right To Education 2009: Towards Future started to work on ensuring educational rights to the under privileged children with the support of Action Aid Association from July 2012. Initially work started in ten villages, now it has spread to nearly fifteen villages in Rajarhat Block. Through this project Towards Future aims at providing education by promoting campaigns on right to education. We also try to bring other stakeholders like school teachers, block & district officials who are associated with education system directly or indirectly to this fold. Our main approach is to develop a network in grass-root level which can work for educational rights of the children. This network will monitor the education cell at the block level & district level. We also organize training and workshops for all the stakeholders.

● **Sathi for women – Campaign against gender based violence**

Empowering women & girls for their basic rights: Towards Future has been working for the rights of women & girls for last four years. Basic objective of this project is to ensure a safety and security for the women and young girls. Motivational training programme organized for the women in order to make them economically & socially independent. We also organize training and workshop on gender issues, prohibition of child marriage, life skills etc.

OTHER PROGRAMMES :

Smile – Individual Child Sponsorship Program: To encourage quality education among children Towards Future introduce child sponsorship scheme in the project area, Children who secure more than 60% marks in their final exam and have financial constrain to meet up educational cost are being invited by the project's child sponsorship program. This sponsorship ensures the child's educational expenses and has been monitored by the community volunteers in regular basis. Sponsors gets an annual progress report of his sponsored child along with current photographs of the child. If sponsor wants to meet his child he is always welcome by the project. But if that sponsored child fail to secure minimum 50% marks in his final exam the sponsorship automatically goes to the another child who secures more than that and fulfills the other criteria of this sponsorship project. To select the child we take help of the community people. After receiving application community people helps us by giving their suggestion regarding those applications. At present we have very little number of sponsored children (only seven)

Adult Literacy program for women – Towards Future run an adult literacy centre for the domestic workers at Kalyani. It is very encouraging that after doing their work these women are eager to learn and attend their class regularly. After attending this centre they become confident about themselves. These women also share their problems and daily hazards in this centre.

Capacity Building Program for staffs – From 2013 Towards Future introduces capacity building training program for their staff. This year this program held at Bolpur. In this programme they have learnt how to prepare report and how to document their activities. Besides this staff also attended different workshops and training programmes in Bangalore, Delhi, and Kolkata. Towards Future also organizes exposure visit to other organizations that are doing same kinds of programme. It enriches our staff and makes them confident about their work

ACHIEVEMENTS AND EVENTS :

Events of 2014-2015

- School campaign on RTE and Gender Violence
- Right To Education training for the students
- Training on self-defence for the adolescent girls
- 3 Workshops for the stakeholders like school teachers, block officials , panchayet members and ICDS workers
- Celebration of Children's Day at Mahammadpur Madhamik Siksha Kendra along with 1500 hundred children
- Sports for women and girls on Human Rights Day
- Celebration of International Girls Day in presence of Panchayet Pradhan and panchayet members
- Annual Picnic for the children
- Two health camps organized for the brick field children
- Exposure visit with the community people to other projects
- One Billion Rising Campaign with the youth members against gender based violence
- Celebration of Foundation Day
- Education tour for the children at botanical garden and Alipore Zoo

Achievements of towards Future in 2014-2015

- During 2014-2015 Towards Future worked with two main objectives – To equip children by providing direct & indirect support for their education and to sensitize community & all stakeholders on rights of children and women and protection mechanism of children and women in the society.
- During 2014 with the effort of Towards Future Community Alliance (Rokeya Kishori Bahini) prevented 17 child marriages, solved 58 domestic violence cases. 32 drop out children have been mainstreamed in formal schools and 97 children received minority scholarship through our awareness programme.

Success Stories:

- Mina Khatoon is one of our sponsored children. She has secured first division marks in her class X level board exam. In 2017 she will be appeared in class XII level board exam and dreams to be a teacher in future. She also learns computer and spoken English.
- Amina Khatoon is a member of Rokeya Kishori Bahini. She prevented her marriage when she was below 18 years. Now she passed higher secondary with good marks and is doing her graduation with humanities. She is the leader of RKB and prevented many children from child marriage
- Media Advocacy: On December 2014 Towards Future organized a consultation with media houses on role of media to raise voice of marginalized section of the society

MEDIA COVERAGES 2014-2015 :

আত্মপ্রতিষ্ঠার লড়াইয়ে আজ এক ঝাঁক কিশোরীর আদর্শ আমিনা
নসিমা খান

Upcoming Plan of Towards Future: This is true that both central & state policies are trying to expand schooling system and make them access to the children who are in need. But several studies have pointed out that these initiatives still become insufficient. By enrolling children in school our duty has not been completed, we should look after on regular attendance of the children in school along with that we should ensure quality education for them. Towards Future is focusing on both these issues and keep a close contact with the community as they can send their children to school daily. A dedicated team is working on qualitative education which will be effective for the children at primary level. In addition with it our team is working on creating safe environment for learning and how children can avail holistic education which will inspire them in their own learning. We also feel that with regular attendance & quality education children should learn life skills for their overall development which will help them to develop their emotional & intellectual maturity require making their life. Towards Future has different programs like sports, creative arts, music & dance which supports like skill programs. These kinds of activities help children to acquire knowledge and to develop attitudes and skills which support the adoption of healthy behaviour. Group activities help them to learn how to work together. All these activities are fun filled and children get motivated to attend and they enjoy the experiences

Our learning centre's curriculum ensures that children should use the space to explore their interests, should gain self-awareness, can develop self-confidence, can achieve a healthy self-esteem, can assume leadership roles, can develop their thought process and other which are essential to get success in their future life. "Towards Future" plans to develop a module on this research work. We also aim to reach out more than thousand children through our different program and want see no drop out and no child marriage in our project area.

Distribution of staff according to salary level:

Slab of gross salary per month (in Rs) and other benefits paid to the staff	Male	Female	Total
< Rs 5,000	3 (including 2 part time & 1 contractual staff)	14	17
5,000 to <10,000	4	5	9
