17 Our Team

President's Note

This past year has been one of steady growth, deep community engagement, and renewed purpose for Towards Future. From capacity-building for our own staff to exposure visits for children, from new learning centres in the brick fields of South 24 Parganas to large-scale carnivals bringing thousands of community members together. The outcomes of the year reaffirmed our belief that sustainable change happens when communities are empowered to learn, participate, and grow together.

We strengthened our organisational foundations with our 11th Annual Staff Training Programme, expanded our reach to migrant brick-kiln communities in South 24 Parganas, and continued to invest in women's leadership through skill-development centres, financial literacy training, and community celebrations such as Swader Bahar and International Women's Day. Thousands of children and women across North 24 Parganas, South 24 Parganas and Kolkata were touched by our programmes this year.

None of this would have been possible without our partners and the unwavering trust of the communities we serve. We thank every staff member, volunteer, donor, and community partner who walked this journey with us, and we look forward to building on this momentum in the year ahead.

TOWARDS FUTURE
President

Ashish Sen
August 25th 2026

About Towards Future

"Towards Future" works to build a better tomorrow for children and women. We strive to ensure a safe learning environment with a strong emphasis on quality education. Our vision is a world where every child has access to quality education, and women are empowered to take on leadership roles, fostering an inclusive society that champions equality and resilience.

Registered in 2008

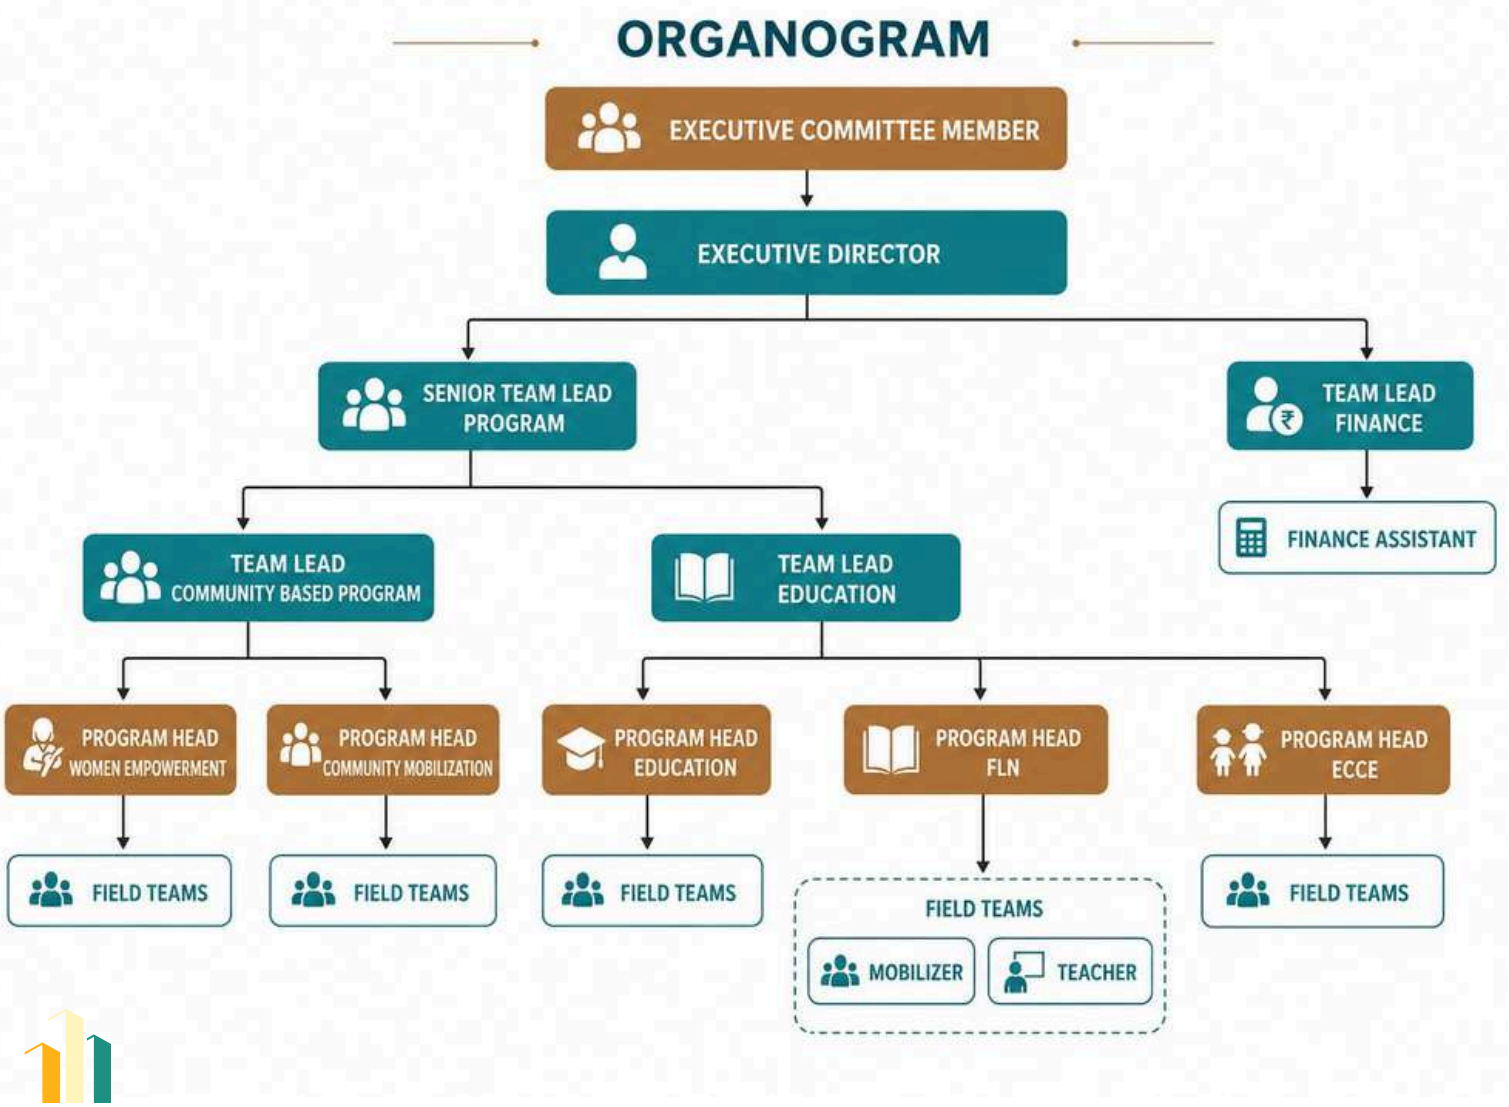

Vision and Mission

Vision

We envision a world where every child receives & has access to quality education and women have equal opportunities to lead, building a more inclusive, resilient, and just society.

Mission

To empower children and women to transform their lives into independent and self-reliant individuals. We strive to create inclusive opportunities for education, skill development, and social awareness, enabling them to break the cycle of poverty and marginalization.

Our Six Core Programmes

Shishumon

The program follows the guidelines of Early Childhood Care and Education for pre-school-age children from underprivileged communities to ensure their Holistic Development and prepare them for formal school

KidzPlanet Learning Centre (KPLC)

Ensure access to Quality Education at primary level, up to the 5th standard.

Library Education Programme

The program ensures children have access to vibrant spaces where books spark curiosity, imagination, questioning, and a lifelong love for reading. The program operates in different government aided schools

Remedial Classes

It provides academic support for high-school students in Classes VI–IX facing learning challenges both in schools and at home. We have a plan to expand this support till class X by next year

Mukti

Campsite Learning Centre provides education, nutrition and protection support for children of migrant brick-kiln labourers, alongside creating awareness for their parents on the importance of education and better future for their children

Women Empowerment

Skill-development training support for women and young girls in Tailoring, Mehendi, Beauty Care, Cooking-Baking and Computer Literacy to build women's self-reliance and leadership

The Year At A Glance

6,500+
Community Members at the Community Carnivals (Mohammadpur & Paikan)

800

500+
Women Reached through Skill - Development and Empowerment Events.

173
Migrant Children reached in Bihar and Jharkhand Campsite Programme.

150+
Saplings Planted

900+
Children reached two festive New Dress Distribution Program

22
Staff trained at the 11th Annual Staff Training Program

Education & Learning

Quality, joyful education remained at the core of our work this year, translating into measurable gains for children — from stronger foundational skills in early childhood, to continued schooling for migrant children, to broadened horizons through exposure visits.

1757 children received educational support through our pre-primary, primary, Remedial, library program, and Campsite Learning centres

Of 224 children Campsite Learning Centres, 75% were successfully mainstreamed into formal education after their families returned to their native villages

250+ children built early cognitive and social skills through participating in Shishumela organized for 3–6 age group in clay modelling, sorting games, and storytelling.

105 children, including 46 from surrounding communities — used drama, art, craft, library sessions, and cooking to turn the summer break into a joyful, hands-on learning experience

Educational access extended to 4 new migrant worker communities — bringing foundational literacy, numeracy, and activity-based learning

Expanded worldview for children through exposure visits with opportunities to explore new places, interact with unfamiliar environments, and envision possibilities beyond the limitations of their current circumstances.

150+ children, including 28 migrant children, participated in the **Fun Fiesta** organised by the SVP Kolkata Chapter, cohosted by Towards Future

800 children from 20 villages participated in the Annual Children's day drawing competition themed 'Moja and Anando' (Fun and Joy), fostering creativity, confidence, self expression and the freedom to imagine

Alongside regular classes, co-curricular activities were introduced in our primary school in collaboration with "**Help Us Help Them**" to promote holistic development. Singing, gardening, pottery, and computer learning helped students explore interests, build practical skills, and learn beyond the classroom

Women's Empowerment

Building women's confidence, skills, and leadership was a strong thread running throughout the year, through dedicated employable skills development training and community celebrations

This year we inaugurated a new Women Skill Development Centre with the generous support of a **Rotary Global Grant** in collaboration with **Rotary Club of Calcutta Camaraderie. 212 women enrolled** in the very first cohort, choosing from five trades: Tailoring, Beauty Care, Mehendi (Henna) Art, Computer Skills, and Cooking and Baking. Along with this the impact extend further — reaching 500+ women through employable skill development training, complemented by capacity-building sessions on essential soft skills such as entrepreneurship, public speaking, and financial literacy.

Women's Sports Day engaged around 200 women in activities promoting confidence, teamwork, leadership, and solidarity, while encouraging greater participation and visibility in community spaces.

Swader Bahar- Cooking Competition: nearly 150 women took part in a community cooking competition in Umarhati, North 24 Parganas, celebrating culinary talent, creativity, and confidence

International Women's Day: celebrated on 7th and 10th March in collaboration with SVP India and Rotary Global Grant, bringing together 200+ women across communities for dialogue, cultural performances, and celebration

Swader Bahar- Cooking Competition: nearly 150 women took part in a community cooking competition in Umarhati, North 24 Parganas, celebrating culinary talent, creativity, and confidence

Community Engagement

Large-scale community events remained central to strengthening social bonds, celebrating culture, and building an inclusive, participatory spirit across our project areas.

- More than 300 villagers from Rajarhat and Bhangar II joined a morning rally celebrating the Bengali New Year, tradition, and community spirit.
- Children across project locations made handmade rakhis and shared stories of friendship and solidarity
- Dress-distribution drives during the festive season brought new outfits and joy to a combined 1,010 children, women and men from brick-kiln communities.
- Nearly 800 children from 20 villages across Rajarhat and Bhangar-II Blocks took part in a vibrant drawing competition celebrating childhood, creativity, and expression.

Community Carnival, Mohammadpur: our annual Community Carnival drew nearly 4,500 community members for a joyful meeting ground of families, children, youth, and elders

Child Protection & Safety

Keeping children safe — in our centres and in their communities — remains a non-negotiable priority throughout the year.

Introduced “Fulki” Sessions (Know and save your body) for the students of class 3 to 5 at our primary School.

Self-defence classes were introduced for students of Classes III to V at our primary school in collaboration with **“Help Us Help Them”**. The initiative aims to build students’ confidence, awareness, and basic self-protection skills

Campaign against Child Labour by launching a 44-day "Shram Nahi Shiksha" campaign

Strengthening the Circle of Child Protection, In Collaboration with Talash, we organized series of training for teachers to empower them on Child Safety.

Organisational Development & Sustainability

Investing in our own team and the environment we work in ensures Towards Future can continue serving communities effectively for years to come.

Annual Staff Capacity Building Programme held with 22 team members in January 2026, under the theme "Growing Stronger Together," covering Leadership Development, the RASCI Matrix, and KRA-KPI performance management

To review overall progress of the organization, share accomplishments, and set strategic priorities for education, safeguarding, and sustainable livelihoods, Board members met the larger group in August 2025

Successfully completed the year-long Future of Impact programme and received a Certificate of Impact from ATMA, recognising strengthened leadership, organisational systems, strategic planning, and institutional effectiveness. The programme enhanced internal capacities and introduced practical tools to strengthen programme quality, accountability, learning, and long-term sustainability.

Stories of Change

Story of Sabnur – From Resisting Early Marriage to Becoming Financially Independent

Born into an economically disadvantaged minority family, Sabnur's dream of playing football was nearly cut short when growing community pressure pushed her family towards early marriage. Refusing to give up her future, she courageously stood her ground—even cutting her hair in protest—and continued to fight for her education and dreams. With the unwavering encouragement of Towards Future and football coaching at New Town Sports Academy, she transformed her struggles into confidence, resilience and leadership. Today, she earns ₹12,000 a month at a private company in New Town and proudly supports her family, while dreaming of giving her younger sister the same opportunity to build an independent future.

"I am proud of how far I have come. Today, I can support my family and stand on my own feet. I want my younger sister to get a good education and have the freedom to build her own future." — Sabnur

Story of Rimita Mondal - From a Classroom Dream to a Future in Technology

Rimita Mondal

Rimita Mondal (16 years), Kalikapur village in Rajarhat, is the only child of a security guard father and a homemaker mother. Despite their limited income, her parents always dreamed of giving her a good education. Her journey with Towards Future began in Class I, where access to quality primary education helped her build a strong foundation in learning, confidence and aspirations. After completing five academic years with us, she was mainstreamed into a government high school in Class VI. Today, she has successfully completed her Class X State Board examination with an impressive 74.2% and has chosen Science for her higher studies, with a dream of becoming a software engineer. Her journey shows how access to quality education at the primary level can change the trajectory of a child who might otherwise remain invisible to the education eco-system, opening the door to a future filled with dignity, opportunity and hope. For Towards Future, her achievement is a reflection of our commitment to ensuring that every child gets the opportunity to learn, dream and build a better future.

Breaking Barriers, Building Futures

Future Goals & Strategy

01.

Education

Delivering quality education and holistic care to 1,000 migrant children in brick-kiln communities, ensuring continuity of learning and brighter futures

02.

Woman Empowerment

Empowering 2,000 women with employable skills to build sustainable livelihoods over the next three years

03.

Financial

Drive sustainable growth by increasing income 20% YoY, maintaining expenditure efficiency below 90% of income, and building reserves equal to 6 months of operating costs over the next three years

04.

Sustainability & Second Line Leadership

Strengthen organisational culture and shared leadership through capacity-building in compliance, conflict resolution, and decision-making — fostering ownership, continuity, and long-term institutional resilience
